The Engineers Foundation of Wisconsin, a non-profit foundation of the Wisconsin Society of Professional Engineers, is pleased to send you information regarding our **2013-2014 Engineering Scholarships**. The scholarships are available to graduating high school seniors who plan to study engineering. Each applicant will be considered for all of the following scholarships.

- The WSPE Past Presidents Scholarship, 1 scholarship, \$1500
- The Behling Scholarship, 1 scholarship, \$1500

- The Yu-Hwa Terry Ni FREE Program Scholarship, \$2000 will be awarded in one or two scholarships

Two newer scholarships were started in 2012 and are in the name of Louis C. Geiger, who as the 1968 WSPE President advanced the engineering profession and our High School Students Awards Program. A returning scholarship is provided by Yu-Hwa Terry Ni, P.E. through the Funds for the Restoration and Enhancement of the Earth (**FREE**) Program. The **FREE** Program is established to encourage and increase involvement activities for restoration and enhancement of the Earth to improve sustainability.

In addition to the State's Scholarship Program, several local chapters of the WSPE organization throughout the state also award scholarships to students in their area. They will be using the same application form for their selection and awards.
